

MEMORANDUM: 2020-01

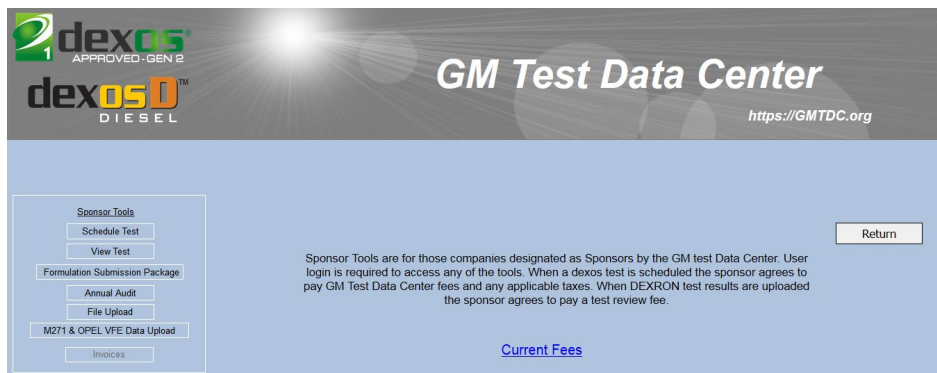

DATE: January 6, 2020

TO: GMTDC Users

FROM: Jeff Clark

SUBJECT: M271SL and OPVFE Test Sponsor Data Entry

Effective immediately, test sponsors can now enter test data and upload test reports for M271 Sludge (M271SL) and Opel Diesel Vehicle Fuel Economy (OPVFE) tests used in support of dexos® claims. To access the data entry and report upload section, select 'Sponsor Tools' and then select 'M271SL & OPEL VFE Data Upload' (see image below). Upon successful upload and review confirmation, the test data will then be discoverable from the dexosESubmission system.
