General Motors Company
30003 Fisher Brothers Road
Warren, Michigan 48093

Dear dexos blender and/or formulator,

This notification is to inform you that the dexos1 gen3 specification (GMW18144) has been published. Additionally, The GM dexos team has published audit tolerance specifications (CG6347) as an accessory to the dexos1gen3 specification. The accessory document will be automatically included with purchase of GMW18144 from IHS markit. Any changes made to CG6347 will be automatically provided to those that have purchased GMW18144.

If you have any questions, please contact me. We appreciate your continued support of the dexos® program.

Sincerely,

Kimberly Bennett
Dexos, dexron and dexcool program manager
