

GM Global Propulsion Systems

DATE: May 1, 2017
TO: Industry Test Sponsors
FROM: Andrew Buczynsky
SUBJECT: Industry Test Uploads to dexosTRC.org

The dexos® Test Registration Center (dTRC) will serve as GM's storage location for all dexos engine and elastomer test data. To achieve that goal, GM is requesting that all test data, whether generated by GM or industry test methods, used to support dexos 1 Gen 2 licensing requirements for approved and future formulations be uploaded to the dTRC. Already approved formulation test data should be uploaded by July 31, 2017. New formulation test data will be uploaded as standard practice going forward.

In addition, GM is requesting that going forward all test data used to support dexos 2 formulations also be uploaded to the dTRC.

The dexos Test Registration Center contact information is:

Manager: Sean Moyer
Phone Number: 412-365-1035
Email: sam@dexostrc.org
Website: <https://dexosTRC.org>

If you have any questions please contact Sean Moyer.

A handwritten signature in black ink that reads "Andrew Buczynsky".
