

January 19, 2024

General Motors Company  
30003 Fisher Brothers Road  
Warren, Michigan 48093

This notification is to inform you of new dual licensing opportunities for dexosR/dexos1 and dexos2/dexosD.

dexosR/dexos1

- All dexosR approved formulations are allowed dual licensure with dexos1
- All dexos1 Gen3 approved formulations seeking dual licensure with dexosR can be resubmitted for dexosR approval
  - Provisional approvals will be available and considered on a case-by-case basis
- A new dexosR/dexos1 template has been created and is available on the TMC e-submission site
- Licensing fee structures support dual licensed products

dexos2/dexosD

- All dexosD approved formulations are allowed dual licensure with dexos2
- All current dexos2 approved formulations seeking dual licensure with dexosD can be resubmitted for dexosD approval
  - Provisional approvals will be available and considered on a case-by-case basis
- A new dexosD/dexos2 template has been created and is available on the TMC e-submission site
- Licensing fee structures support dual licensed products

We appreciate your continued support of the dexos program.

Sincerely,

*Aleise Jimenez*

*Garnet Paul Bien*
